"I have always had difficulties with buying clothes for every-day wear. Therefore, together with Linda, we decided to create our own brand.

ABOUT US

— Comfort and Quality Come First.

Johanna Innsbruck and Linda Copperfield have always dreamed of comfortable women's clothing that would look appropriate in any circumstances.

This is how the Jolly House brand appeared – it is a brand for women who like to feel confident, seductive, and stylish in any situation. We use only natural fabrics and pay great attention to details that make the difference.

WHY CHOOSE US

— Things You'll Love About Jolly House.

We create each outfit for you with great love and care.

— Jolly brand is:
